Dear young beach volleyball friend!
Pärnu Volleyball Club is pleased to announce that this year's Shell Beach Volleyball Festival is taking place already for the eighth time! The big beach volleyball festival will take place at the Pärnu beach on 7–8 July!
We invite young volleyball players in age groups U14, U16, U18, and U20 to participate.
Over the years, the number of participants has grown rapidly. In 2011, there were about 150 young volleyball players on ten courts during two days at the Pärnu beach, who enjoyed hot beach weather and the exciting battle on the court. In 2013, there were first guests from Finland and Latvia. In 2015, nearly 400 young people, a quarter of whom came from Latvia, Lithuania or from Finland, attended the fifth anniversary of the festival! 2016 was also different because of competitors from Kazakhstan. In addition to the magnificent volleyball, this year also we are planning to entertain and enjoy the beautiful summer weather!
Our objective is to provide competition not only to the local young people but also to the volleyball players from Finland, Sweden, Latvia, Lithuania, Russia and other countires. It is also a great goal to exceed eventually the limit of 500 participants!
