

"VOLUNTEERS FOR VOLLEY"

Rome and Belgrade are proud to give hospitality to the 2005 **Volleyball Senior Men's European Championship** from the 2nd until the 11th of September.

Hundreds of volunteers always play a very important role in the organization of every great international competition. Their efforts and passion are a significant factor in the success of a sport event.

The **Italian Volleyball Federation**, through the **Organizing Committee of the European Championship in Rome**, with the acknowledgment of the **European Olympic Committees, association led by Mr. Mario Pescante PM**, presents the program "**Volunteers for Volley**". The program has received enthusiastic approval from the **European Volleyball Confederation (CEV)**.

Everyone who wishes to live in first line the great adventure of an international volleyball competition has now a unique opportunity!

Join our volunteers program, work with us in the various aspects of its organization and contribute to the triumph of the European Volleyball Championship!

Our call for volunteers is addressed to the members of CEV Federations.

A good knowledge of English language, a great passion for sport and the will to be there and build together this memorable event are the only prerequisites needed to join the "Volunteers for Volley" team (besides being a member of a CEV Federation as specified before).

The activity areas are: press and communication, sports hall security, logistic, court assistance and transportation.

For further information or to receive the "Volunteers for Volley" application form please visit our website: www.eurovolleyroma2005.it or write an e-mail to: staff@eurovolleyroma2005.it within the 30th June 2005.

Best wishes, see you soon in Rome
